## Narrikup 17, D4 mods Coach: Jody

### What a brilliant start to the season for this team.

Every player took the court for their very first game of netball, and the excitement was clear from the first whistle.

It was a very even contest from start to finish. All the practice really showed, with excellent footwork, great spacing, and some impressive 4-foot defence for a group so new to the game.

With both teams made up of beginners, the focus was simply on learning, trying hard, and enjoying the experience. There were no tactics or set plays at this level, but what truly stood out was how eager the girls were to listen, learn, and ask great questions. Their effort was outstanding, and they put everything they had into the game.

They exceeded our expectations in every way. They listened beautifully to the umpires, supported each other, and showed exactly what junior netball is all about.

A fantastic first outing, we couldn't have asked for more. Bring on the season.
