N13s Courage and Character in a Challenging Away Test

N13 (D1) travelled to Denmark to take on Magpies 9, facing a challenging game on unfamiliar courts and against a tall, strong and skilled opposition. The game finished 23–1, but despite the scoreboard, the team showed great resilience and determination throughout. Magpies applied strong physical pressure early, making it difficult at times, but the girls continued to compete and adapt as the match unfolded.

A key highlight was the team's attitude, with players never dropping their heads and consistently taking on feedback to improve their game. The defensive unit worked tirelessly all match and lifted again in the final quarter, restricting Magpies to just four goals. Across the court, there were positive passages of play as the team continued to learn and adjust.

Strong individual performances stood out, with Charlie leading from the front with a composed and skilful captain's game. Tilly was impressive in WD, taking on bigger opponents and creating intercept opportunities, while Evie worked hard in attack, offering strong leads and options for her teammates.

Overall, it was a challenging but valuable experience, with the team showing great spirit, willingness to learn and support for one another right to the final whistle.
