Narrikup 4 Deliver a Confident, Composed Performance against Magpies

Narrikup arrived on Magpies' home court determined to work hard, and we settled quickly into strong, composed netball. Our ball movement was clean, our passing was accurate, and we built an early lead that set the tone for the match. Defence worked tirelessly to stay in front and shut down drives, the centre court pushed hard onto the circle edge, and our shooters combined well, using the circle smartly and finishing confidently.

Narrikup's strengths were clear, accurate shooting and disciplined defensive pressure. Communication was the main area to improve. Magpies brought plenty of physical strength, but our pace and structure outplayed their athleticism. Key tactical focus was getting in front, staying ball side, and working the circle to get closer to the post.

The team's success came from trusting each other and staying focused on their roles. Even with a strong lead, they kept pushing, showing real pride in their performance. Taking the win 61-20.

Lauren worked tirelessly through the centre, constantly driving and creating options, while Alyssa impressed with her strong, consistent leads that kept the play flowing. In the circle, Pagean showed growing confidence, taking the ball cleanly and finishing well under pressure.
