**N2 Dominate with a 51-27 Win Over Bullets 2**

With the full squad available for the first time this season, N2 delivered a complete team performance to secure a strong 51-27 win over Bullets 2. The girls focused on providing multiple options to the ball and lifting their drive through attack, and it showed in a structured, composed performance where everyone took accountability for their role. The extra work from the front line freed our shooters to focus on finishing, resulting in noticeably improved accuracy.

The opening quarter was tight, with both teams converting their centre passes, but as the match progressed our defensive intensity lifted. By the final term, with four defenders running from GK through to C, we restricted Bullets to just six goals while putting on fifteen of our own.

A fun, energetic vibe, full of jokes and relaxed confidence, helped the group settle and avoid the frantic play of the previous week. A convincing and connected performance from N2.

- Vonli played a composed, intelligent game in GA, controlling the tempo and combining well with both GSs.
- Gracie stood tall against rotating shooters, pulling in some brilliant intercepts as the game wore on.
- Kleo was influential through C and WA, delivering exceptional feeds into the circle and applying strong defensive pressure to win back ball when needed.
