N14 Take the Win — Seven Players, Zero Problems

N14 put out a strong team performance to claim a 13–5 win over Kangas 13, built on great connection across the court and Kate's accurate shooting. Scores were level at quarter time, but with only seven players, the consistency on court helped the girls settle, find rhythm and produce a big second quarter that set up the lead they held for the rest of the match.

Shoulder passes were a standout, along with improved footwork and strong rebounds at both ends. Minimal positional changes kept the team connected and playing to their strengths. Their success came from hard work at training, applying feedback and genuinely enjoying their netball, and it showed, even after a rushed arrival and minimal warm-up on a cold morning.

Kate impressed with her accuracy, Abigail backed herself with confident shoulder passes, and Indi, playing through a bruised, double-taped finger, was everywhere in the centre, picking off intercepts and delivering great passes.

A well-earned win built on effort, connection and smart netball.
